

## Success with AR

### 3 Steps of AR

1. Student selects & reads book
2. Student takes computer quiz
3. The computer adds quiz to it's database & generates reports

### Tools in AR

1. Folder-bring it to school everyday. It is your library card and your ticket to take a quiz!
2. ZPD range- not too difficult, not too easy, Just right for optimal learning to take place  
*\*85-92% correct is the goal.*  
*\*Know your range.*
3. TOPS report- generated when you take the quiz  
Get Teacher's initials.  
Get Mrs. Ivens' initials.  
Get Parent's initials.  
*\*Keep in back of folder.*
4. Student Reading Log  
Record the book title, author, reading level, points, fiction, or non-fiction, date, pages read, and % correct (after you take the quiz).  
Your teacher should initial this when you finish the book.
5. Goals  
These will be set by your teacher or librarian, and recorded in your Student Reading Plan (in folder).
