

L.E.A.P.

(Learning Enrichment Activities Program)

Fees for 2025-26

	Kindergarten - 5 th Grade
Annual Cost (\$80 billed monthly - Sept-May)	\$720

The Learning Enrichment Activities Program (L.E.A.P.) offers qualifying students an engaging educational experience that emphasizes real-world problem-solving, inquiry-based learning, and the cultivation of critical thinking skills. By exploring in-depth projects beyond the traditional classroom, logical game-based learning, and hands-on activities, students are encouraged to explore their passions and creativity, working independently or collaboratively in small groups.

By participating in L.E.A.P., students not only enhance their academic abilities but also develop social and emotional skills that promote active learning and personal growth beyond the classroom experience.

Billing

Fees for the above services are billed through FACTS and are to be paid on a monthly basis.
