

Required Pre Participation Medical Forms  
2022-2023

## AT Genius Student Sign Up Instructions

1. Website: ATgenius.com
2. Click on Student/Athlete Portal in Upper Right Hand corner.
3. Click new student athlete.
4. Enter "MCS" for school code.
5. Enter Date of Birth
6. Set up email and password.
7. Log in using email and password that was created.
8. Fill out all information
  - a. Student info
  - b. Parent info
  - c. Insurance
  - d. Medical
  - e. Upload a copy of your physical
  - f. Preseason documents ( to be completed by parent)
  - g. COVID Screening

To student athletes and their parents/caregivers:

Before you can play a sport the TSSAA (Tennessee Secondary School Athletic Association) says you must get a sport's physical. This is also called a PPE (Preparticipation Physical Evaluation). The PPE promotes the health and well-being of athletes as they train and compete. It also helps keep athletes safe as they play sports. It is NOT meant to stop them from playing.

Where can you go to get a PPE? In the newest PPE guidebook, the groups below say your doctor's office or the place where you get your medical care is where you can go to get it done:

- the American Academy of Pediatrics,
- the American Academy of Family Physicians,
- the American College of Sports Medicine,
- the American Medical Society for Sports Medicine,
- the American Orthopedic Society for Sports Medicine,
- and the American Osteopathic Academy of Sports Medicine.
- It's also endorsed by the National Athletic Trainers' Association and the National Federation of State High School Associations.

There are other places you can get a PPE, but **we recommend athletes get a PPE during their Well Visit at their doctor's office or School Based Health Center.** This ensures exams cover everything important about your overall health and well-being. It also limits absences from school and sports.

We encourage you to work the PPE into the routine health care you get at your doctor's office or the place where you get your medical care. If you're enrolled in TennCare your well visits are free.

Sincerely,

Tennessee Secondary School Athletic Association  
Tennessee Chapter of the American Academy of Pediatrics  
Tennessee Division of TennCare

Do you have TennCare and need to know who your doctor is? You can call your MCO at:

Amerigroup: 1-800-600-4441

BlueCare: 1-800-468-9698

UnitedHealthcare: 1-800-690-1606

TennCareSelect: 1-800-263-5479

This form should be placed into the athlete's medical file and should **not** be shared with schools or sports organizations. The Medical Eligibility Form is the only form that should be submitted to a school or sports organization.

Disclaimer: Athletes who have a current Preparticipation Physical Evaluation (per state and local guidance) on file should not need to complete another History Form.

## ■ PREPARTICIPATION PHYSICAL EVALUATION (Interim Guidance)

### HISTORY FORM

Note: Complete and sign this form (with your parents if younger than 18) before your appointment.

Name: \_\_\_\_\_ Date of birth: \_\_\_\_\_

Date of examination: \_\_\_\_\_ Sport(s): \_\_\_\_\_

Sex assigned at birth (F, M, or intersex): \_\_\_\_\_ How do you identify your gender? (F, M, or other): \_\_\_\_\_

Have you had COVID-19? (check one):  Y  N

Have you been immunized for COVID-19? (check one):  Y  N If yes, have you had:  One shot  Two shots

List past and current medical conditions. \_\_\_\_\_

\_\_\_\_\_

Have you ever had surgery? If yes, list all past surgical procedures. \_\_\_\_\_

\_\_\_\_\_

Medicines and supplements: List all current prescriptions, over-the-counter medicines, and supplements (herbal and nutritional).

\_\_\_\_\_

\_\_\_\_\_

Do you have any allergies? If yes, please list all your allergies (ie, medicines, pollens, food, stinging insects).

\_\_\_\_\_

\_\_\_\_\_

#### Patient Health Questionnaire Version 4 (PHQ-4)

Over the last 2 weeks, how often have you been bothered by any of the following problems? (Circle response.)

	Not at all	Several days	Over half the days	Nearly every day
Feeling nervous, anxious, or on edge	0	1	2	3
Not being able to stop or control worrying	0	1	2	3
Little interest or pleasure in doing things	0	1	2	3
Feeling down, depressed, or hopeless	0	1	2	3

(A sum of  $\geq 3$  is considered positive on either subscale [questions 1 and 2, or questions 3 and 4] for screening purposes.)

GENERAL QUESTIONS (Explain "Yes" answers at the end of this form. Circle questions if you don't know the answer.)		
	Yes	No
1. Do you have any concerns that you would like to discuss with your provider?		
2. Has a provider ever denied or restricted your participation in sports for any reason?		
3. Do you have any ongoing medical issues or recent illness?		
HEART HEALTH QUESTIONS ABOUT YOU		
	Yes	No
4. Have you ever passed out or nearly passed out during or after exercise?		
5. Have you ever had discomfort, pain, tightness, or pressure in your chest during exercise?		
6. Does your heart ever race, flutter in your chest, or skip beats (irregular beats) during exercise?		
7. Has a doctor ever told you that you have any heart problems?		
8. Has a doctor ever requested a test for your heart? For example, electrocardiography (ECG) or echocardiography.		

HEART HEALTH QUESTIONS ABOUT YOU (CONTINUED)		
	Yes	No
9. Do you get light-headed or feel shorter of breath than your friends during exercise?		
10. Have you ever had a seizure?		
HEART HEALTH QUESTIONS ABOUT YOUR FAMILY		
	Yes	No
11. Has any family member or relative died of heart problems or had an unexpected or unexplained sudden death before age 35 years (including drowning or unexplained car crash)?		
12. Does anyone in your family have a genetic heart problem such as hypertrophic cardiomyopathy (HCM), Marfan syndrome, arrhythmogenic right ventricular cardiomyopathy (ARVC), long QT syndrome (LQTS), short QT syndrome (SQTS), Brugada syndrome, or catecholaminergic polymorphic ventricular tachycardia (CPVT)?		
13. Has anyone in your family had a pacemaker or an implanted defibrillator before age 35?		

BONE AND JOINT QUESTIONS	Yes	No
14. Have you ever had a stress fracture or an injury to a bone, muscle, ligament, joint, or tendon that caused you to miss a practice or game?		
15. Do you have a bone, muscle, ligament, or joint injury that bothers you?		
MEDICAL QUESTIONS	Yes	No
16. Do you cough, wheeze, or have difficulty breathing during or after exercise?		
17. Are you missing a kidney, an eye, a testicle (males), your spleen, or any other organ?		
18. Do you have groin or testicle pain or a painful bulge or hernia in the groin area?		
19. Do you have any recurring skin rashes or rashes that come and go, including herpes or methicillin-resistant <i>Staphylococcus aureus</i> (MRSA)?		
20. Have you had a concussion or head injury that caused confusion, a prolonged headache, or memory problems?		
21. Have you ever had numbness, had tingling, had weakness in your arms or legs, or been unable to move your arms or legs after being hit or falling?		
22. Have you ever become ill while exercising in the heat?		
23. Do you or does someone in your family have sickle cell trait or disease?		
24. Have you ever had or do you have any problems with your eyes or vision?		

MEDICAL QUESTIONS (CONTINUED)	Yes	No
25. Do you worry about your weight?		
26. Are you trying to or has anyone recommended that you gain or lose weight?		
27. Are you on a special diet or do you avoid certain types of foods or food groups?		
28. Have you ever had an eating disorder?		
FEMALES ONLY	Yes	No
29. Have you ever had a menstrual period?		
30. How old were you when you had your first menstrual period?		
31. When was your most recent menstrual period?		
32. How many periods have you had in the past 12 months?		

**Explain "Yes" answers here.**

This form should be placed into the athlete's medical file and should **not** be shared with schools or sports organizations. The Medical Eligibility Form is the only form that should be submitted to a school or sports organization.

Disclaimer: Athletes who have a current Preparticipation Physical Evaluation (per state and local guidance) on file should not need to complete another examination.

## ■ PREPARTICIPATION PHYSICAL EVALUATION (Interim Guidance)

### PHYSICAL EXAMINATION FORM

Name: \_\_\_\_\_ Date of birth: \_\_\_\_\_

#### PHYSICIAN REMINDERS

- Consider additional questions on more-sensitive issues.
  - Do you feel stressed out or under a lot of pressure?
  - Do you ever feel sad, hopeless, depressed, or anxious?
  - Do you feel safe at your home or residence?
  - Have you ever tried cigarettes, e-cigarettes, chewing tobacco, snuff, or dip?
  - During the past 30 days, did you use chewing tobacco, snuff, or dip?
  - Do you drink alcohol or use any other drugs?
  - Have you ever taken anabolic steroids or used any other performance-enhancing supplement?
  - Have you ever taken any supplements to help you gain or lose weight or improve your performance?
  - Do you wear a seat belt, use a helmet, and use condoms?
- Consider reviewing questions on cardiovascular symptoms (Q4–Q13 of History Form).

EXAMINATION		
Height: _____	Weight: _____	
BP: _____ / _____ ( _____ / _____ )	Pulse: _____	Vision: R 20/ _____ L 20/ _____ Corrected: <input type="checkbox"/> Y <input type="checkbox"/> N
COVID-19 VACCINE		
Previously received COVID-19 vaccine: <input type="checkbox"/> Y <input type="checkbox"/> N		
Administered COVID-19 vaccine at this visit: <input type="checkbox"/> Y <input type="checkbox"/> N If yes: <input type="checkbox"/> First dose <input type="checkbox"/> Second dose		
MEDICAL	NORMAL	ABNORMAL FINDINGS
Appearance <ul style="list-style-type: none"> <li>Marfan stigmata (kyphoscoliosis, high-arched palate, pectus excavatum, arachnodactyly, hyperlaxity, myopia, mitral valve prolapse [MVP], and aortic insufficiency)</li> </ul>		
Eyes, ears, nose, and throat <ul style="list-style-type: none"> <li>Pupils equal</li> <li>Hearing</li> </ul>		
Lymph nodes		
Heart <sup>a</sup> <ul style="list-style-type: none"> <li>Murmurs (auscultation standing, auscultation supine, and ± Valsalva maneuver)</li> </ul>

## ■ PREPARTICIPATION PHYSICAL EVALUATION

### MEDICAL ELIGIBILITY FORM

Name: \_\_\_\_\_ Date of birth: \_\_\_\_\_

- Medically eligible for all sports without restriction
- Medically eligible for all sports without restriction with recommendations for further evaluation or treatment of

\_\_\_\_\_

\_\_\_\_\_

- Medically eligible for certain sports

\_\_\_\_\_

\_\_\_\_\_

- Not medically eligible pending further evaluation
- Not medically eligible for any sports

Recommendations: \_\_\_\_\_

\_\_\_\_\_

\_\_\_\_\_

I have examined the student named on this form and completed the preparticipation physical evaluation. The athlete does not have apparent clinical contraindications to practice and can participate in the sport(s) as outlined on this form. A copy of the physical examination findings are on record in my office and can be made available to the school at the request of the parents. If conditions arise after the athlete has been cleared for participation, the physician may rescind the medical eligibility until the problem is resolved and the potential consequences are completely explained to the athlete (and parents or guardians).

Name of health care professional (print or type): \_\_\_\_\_ Date: \_\_\_\_\_

Address: \_\_\_\_\_ Phone: \_\_\_\_\_

Signature of health care professional: \_\_\_\_\_, MD, DO, NP, or PA

**Legal/Parent Consent**

I/We hereby give consent for (athlete's name) \_\_\_\_\_ to represent (name of school) \_\_\_\_\_ in athletics realizing that such activity involves potential for injury. I/We acknowledge that even with the best coaching, the most advanced equipment, and strict observation of the rules, injuries are still possible. ***On rare occasions these injuries are severe and result in disability, paralysis, and even death. I/We further grant permission to the school and TSSAA, its physicians, athletic trainers, and/or EMT to render aid, treatment, medical, or surgical care deemed reasonably necessary to the health and well being of the student athlete named above during or resulting from participation in athletics.*** By the execution of this consent, the student athlete named above and his/her parent/guardian(s) do hereby consent to screening, examination, and testing of the student athlete during the course of the pre-participation examination by those performing the evaluation, and to the taking of medical history information and the recording of that history and the findings and comments pertaining to the student athlete on the forms attached hereto by those practitioners performing the examination. As parent or legal Guardian, ***I/We remain fully responsible for any legal responsibility which may result from any personal actions taken by the above named student athlete.***

# Sudden Cardiac Arrest

## Symptoms and Warning Signs

### What is Sudden Cardiac Arrest (SCA)?

SCA is a life-threatening emergency that occurs when the heart suddenly and unexpectedly stops beating. This causes blood and oxygen to stop flowing to the rest of the body. The individual will not have a pulse. It can happen without warning and can lead to death within minutes if the person does not receive immediate help. Only **1 in 10** survives SCA. If Cardiopulmonary Resuscitation (CPR) is given and an Automatic External Defibrillator (AED) is administered early, **5 in 10** could survive.

SCA is NOT a heart attack, which is caused by reduced or blocked blood flow to the heart. However, a heart attack can increase the risk for SCA.

### Watch for Warning Signs

SCA usually happens without warning. SCA can happen in young people who don't know they have a heart problem, and it may be the first sign of a heart problem. When there are warning signs, the person may experience:

If any of these warning signs are present, it's important to talk with a health care provider. There are risks associated with continuing to practice or play after experiencing these symptoms. When the heart stops due to SCA, blood stops flowing to the brain and other body organs. Death or permanent brain damage can occur in minutes.

### Electrocardiogram (EKG) Testing

EKG is a noninvasive, quick, and painless test that looks at the heart's electrical activity. Small electrodes attached to the skin of the arms, legs, and chest capture the heartbeat as it moves through the heart. An EKG can detect some heart problems that may lead to an increased risk of SCA. Routine EKG testing is not currently recommended by national medical organizations, such as the American Academy of Pediatrics and the American College of Cardiology, unless the pre-participation physical exam reveals an indication for this test. The student or parent may request, from the student's health care provider, an EKG be administered in addition to the student's pre-participation physical exam, at a cost to be incurred by the student or the student's parent.

### Limitations of EKG Testing

- An EKG may be expensive and cannot detect all conditions that predispose an individual to SCA.

- False positives (abnormalities identified during EKG testing that turn out to have no medical significance) may lead to unnecessary stress, additional testing, and unnecessary restriction from athletic participation.
- Accurate EKG interpretation requires adequate training.

*I have reviewed and understand the symptoms and warning signs of SCA.*

## Pre-Participation Head Injury/Concussion Reporting Form for Athletic Activities

This form should be completed by the student's parent(s) or legal guardian(s). Please submit this form to the Athletic Department, prior to the start of each school year a student plans to participate in an extracurricular athletic activity.

### Student Information

Student's name	Gender	Date of birth	Grade
School name	Sport(s)		
Home address	Phone number		

<p>Has the student ever experienced a traumatic head injury (a blow to the head)? Yes__ No_____</p> <p>If yes, when? Dates (month/year):</p>
<p>Has the student ever received medical attention for a head injury? Yes_No_____</p> <p>If yes, when? Dates (month/year):</p> <p>If yes, please describe the circumstances:</p>
<p>Was the student diagnosed with a concussion? Yes__ No_____</p> <p>If yes, when? Dates (month/year):</p>
<p>How long did symptoms last for the most recent concussion? (i.e., headache, difficulty concentrating, fatigue)</p>
