Teacher Qualifications and Guidelines:

- **The teacher is the student's parent or legal guardian.** Except in the case of dual enrollment classes taken at a college. The parent is responsible as the primary instructor to ensure the usual scope of a course is covered (not the co-op teacher).
- The teacher has a minimum education requirement of a high school diploma or GED.
- The teacher will not have (or will not enter into) employment or other responsibilities which will in any way conflict with this teaching appointment.
- The teacher will participate in at least six one-hour training experiences per year to be reported on the Teacher In-Service Documentation form at the end of each school year. Please refer to that document for examples of appropriate experiences.
- The teacher has been approved as a teacher associated with, but not employed by Maryville Christian School.
- The teacher will remit grades and attendance records at the appointed times.
- The teacher will notify the Independent Study Coordinator if the student becomes involved in anything that would reflect poorly on the school (truancy, drug use, delinquency, pregnancy, etc.).
- The teacher is responsible for the oversight or direct instruction of all courses. MCS supervises the curriculum, teaching plan, and record keeping. MCS supervision of associate teaching is for the purpose of evaluating the teaching quality, program, and results to determine whether the study plan will qualify the student to receive a diploma upon completion of the proposed program.

Academic Guidelines:

- Upon receipt of enrollment materials and fees, the student, the parent, and the MCS Independent Study Coordinator will meet to develop an Individual Education Plan (IEP) to ensure the student completes a minimum of 24 credits in the requisite courses for graduation.
- High School Credits are earned by completion of a high school text or curriculum geared for a full year of study or equals a minimum of 130 hours of instruction.
- High school students are expected to spend 6.5 hours/day on coursework.
- As a Christian school we require, in addition to a Bible credit each year, at least 50% of the student's coursework be approached from a Christian worldview.
- Parents are required to submit their **proposed curriculum** form each year before **June 30th**. Curriculum must meet or exceed standards required by MCS and our accreditation agency, ACSI.
