Tuition Payments

FACTS gives flexible payment options so that you can select what works best for your family. Tuition can be paid in full, by the semester, or monthly (June-May). Automatic payments can be made from a checking account, savings account, or credit card. Tuition paid over the summer is non-refundable.

Need-Based Financial Assistance (Not available for PK students)

Our financial assistance program allows families to apply for financial assistance through FACTS Grant and Aid. This company verifies each family's situation and recommends an award amount. Those who qualify for the pastor discount, multi-child discount, or alumni discount are also eligible to apply for need-based financial assistance. However, the maximum combined discount will not exceed 50% per student. Decisions concerning financial assistance will begin in May.

Continuous Enrollment Fee

The continuous enrollment fee holds a place for your child for the next academic year and covers the cost of registration. More information is available on our website.

Student Fees

All students are required to pay an annual student fee. This fee is an investment into the facilities, technology, and curriculum of MCS. While these fees do not cover all the school's expenses in these areas, they do help offset the cost. Student fees are now divided over three months: June, July, and August.
