### Need-Based Financial Assistance (Not available for Pre-K students)

Our financial assistance program allows families to apply for financial assistance through FACTS Grant and Aid. We use this company to verify each family's situation and recommend an award amount. All families are encouraged to apply for tuition assistance. Those who qualify for the pastor discount, multi-child discount, or alumni discount are also eligible to apply for need-based financial assistance. However, the maximum combined discount will not exceed 50% per student.
